FOR IMMEDIATE RELEASE

FSC CHAIN OF CUSTODY CERTIFIED & UPDATED WEBSITE
One of the first FSC certified custom door manufacturers in CA

Liberty Valley Doors, established in 1980, is a custom stile and rail door manufacturer specializing in arched and custom design doors and is now FSC® Chain of Custody Certified. LVD's updated web site contains multiple portfolios, door and pre hang details, standard specifications, company information and is a great starting point for any custom door project.

In 2005, LVD introduced the Rediscovered Wood Door series. Standard Rediscovered Wood Doors are made of 100% reclaimed or recycled materials. These doors meet or exceed all of the requirements for green building certification. Reclaimed or FSC® certified wood can be used for virtually any door style you would like. Green building promotes the health and well being of your family, our community, and the environment for years to come.

LVD's fully equipped, modern mill shop has capabilities to produce a wide range of custom door designs limited only by ones imagination. To find out more information about Liberty Valley Doors visit www.libertyvalleydoors.com.

Liberty Valley Doors is committed to accelerating the transition to sustainable building, energy, and economic practices. We believe sustainability is the ethical choice.
